Candidacy Statements for The 2002 National Capital Chapter Elections

Candidate for President: *Al Zavala*

I have been a member of the National Capital Chapter for over 15 years. During my membership I have served in a variety of duties, starting as driver's school volunteer worker to driver's school coordinator for three years. Subsequently I was your Treasurer for two years and last year your Vice-President.

Our Club has grown over the years, and our love for the marque has kept us strong. I will work with our fellow board members to make the Club more visible, work on new and more varied events. I will also work on the BMW retail centers to be more receptive to the Club and its members. The success of any volunteer organization and its greatest assets are its members. Let's work together to build a better Club!

Candidate for Vice-President: *Steven Schlossman*

I am Steven Schlossman and have decided to run for Vice-President of the National Capital Chapter. Some of you know me as the Tourmeister for the last two years and most recently I have taken over as Membership Chairperson. Other volunteering have been organizing a road rally each of the last two years and helping at registration with the last 2 holiday parties. So why do I want to do more? I would like to have a vote in how our Chapter grows in the upcoming year. We have a very successful driving school and autocross program, but there is more to work to do.

Candidate for Treasurer: *Ronnie Lewis*

Hi, my name is Ronnie Lewis and I am the current Treasurer for our Chapter. The Treasurer has two functions in the Chapter. The first is to act as the Chapter accountant, tracking all our income and expenses, paying our debts on time, and interacting with the National Office on finance related matters. The second is to ensure that Chapter expenditures are in the best interest of the most members of the Chapter. I can't say that I act alone in that regard, the whole board work as a team to provide benefits to the members. Driver's schools and autocrosses are always oversubscribed, but not everyone wants to participate in those events so we are offering picnics, dinners, tours, etc. to provide activities that might attract some of the other members. I am excited and enthusiastic about the direction our Chapter is moving and would like to continue to serve. I believe that I have not only performed well as the Treasurer but worked well as a team member of the board. I hope you will agree and vote for me.

Candidate for Secretary: *Rafael Garces*

Hello, my name is Rafael Garces and I've been a member of the BMW CCA for just over 15 years – all that time in the National Capital Chapter. Some of you may know me from my involvement in autoxing my current BMW a 1996 328i. I've decided that it's time for me to give something back to the Club and help in an official capacity. If you choose me for Secretary, I'll work with the other Chapter Officers in continuing to provide you with many high quality social and automotive events. I will also actively seek out comments and suggestions from the thousands of you who are our general membership and I will try to get more of you involved in organizing or operating events. Thanks for your support and I'll see you at the Holiday Party.

NCC Autocross Event #6

By Andrej Dolenc

Elena Simpson. Photo by Pat Donahue.

September 9th brought yet another gorgeous Sunday and another autocross in our Autocross Series, this one being the 6th. For autocrossing, any weather that's not wet qualifies as gorgeous, and it certainly seems like we've had a great deal of luck in that respect so far! This autocross was held at Tipton Airfield adjoining Ft. Meade. While there was some talk of restricting access to the base, this did not keep anybody from enjoying a very

fast course designed by yours truly. Fast courses at Tipton always prove extremely challenging due to the nature of the lot – lots of debris makes the drivers work harder to control their cars! But that's why we autocross, to learn to drive them better. Well that, and the competition as well! To that end, here are the results.

What's the Point? It's the end of Summer.

By Steven Schlossman

On September 15th 11 cars and 23 people met at Urbana Park & Ride for a fun rally to Summit Point Raceway. It was a beautiful day, just right for a drive.

Those who have been on our scenic tours during the last two years have grown accustomed to having exact route instructions with the mileage on every turn. Well, not this time. I wanted to make it a little more challenging. Each team had to follow a precise set of route instructions, but for this rally a set of priorities were also used. If the next instruction could not be completed, the team had to go straight. If straight wasn't an option, they had to turn right. If that wasn't hard enough, there were 40 questions that had to be answered along the way, which were based on signs along the road, BMW and BMW CCA trivia questions, as well as the calculated exact mileage of the route.

Teams left the start at 1:15 p.m. and started arriving at Summit Point with answers in hand at 3:50 p.m. Everyone made it to the finish without opening their emergency route instruction packet. Most stayed to enjoy what is becoming an annual event, the BBQ after the NCC Drivers' Education School.

For the trivia questions, most people new that the BMW CCA office is now in Greenville, South Carolina. Everyone knew that the last Oktoberfest was in New Hampshire. Most people thought that the first model built at BMW Manufacturing in South Carolina was the Z3. Nope, it was the 318i. I am

glad that everyone knew the current BMW CCA president. No one thought it was Groucho, Zeppo or Karl Marx. And thanks to my wife, Florence, for letting me volunteer her once again. She was at the start and did all the scoring while I played on the track.

Position	Score	Team
1	92	Jim Homer & Jim O'Connor (20 points for the correct mileage)
2	72	Eric Koefoot & Eric Schwimmer (almost tied for first place)
3	70	Scott Beckman & Christine Dunham
4	60	Firas Makarem & Victoria Weiss

8	52	Donald Lee & Chris Chow
9	48	Earl & Ann Miller
10	42	Frank Morgese & Stacy Closson

Woody's Competition

C O R N E R

After a layoff for Le Mans and some other European races, the American Le Mans series resumed July 22 at Sears Point in California. The good news for BMW fans is that the four M3 GTR V8s swept the top four positions in the GT Class. The bad news for the series is that only five Porsche GT3Rs bothered to compete. As in the LeMans Prototype class (Audis) and the GTS class (Corvettes C5Rs), the factory cars are so dominate, I fear the ALMS is dying a slow death. Two years ago the typical ALMS field had 50 cars with good representation in each class. The Sears Point race this year had 26 cars. The final race of the season that was scheduled for Charlotte, er — Lowes Motor Speedway was cancelled.

The preceding paragraph was written for the September issue, but never made the publication deadline. Since that time I have become a lot more optimistic about the future of the ALMS. First, they announced an expanded schedule for 2002, including the first ALMS event at Wisconsin's Road America, a return to nearby Mid-Ohio and the RFK Stadium event on July 21. Some of the races will be 4 hours instead of their traditional 2 hours, 45 minutes. In addition to the traditional Speedvision and NBC TV partners, CBS will cover some of the races. Several teams are developing new cars for the LM Prototype Class. The final 2001 race, Petit Le Mans at Road

Atlanta had 41 starters including 9 Porsches in the GT Class. Incidentally, Professional Sportscar, the sanctioning body for the ALMS just announced that they are going back to their original name, International Motorsports Association (IMSA).

The development of the BMW M3 GTRs, and the competition between the Motorsports (Schnitzer) team from Germany and our own Virginia-based PTG team has been well documented in the Roundel. So far the Motorsports team has had the upper hand, but PTG cars have won at Portland and Petit Le Mans.

I had the opportunity to see the PTG Team testing the V8 M3 at Summit Point (see above) and I can

tell you that they are incredibly fast for "a production-based" car. Bill Auberlen and Nic Jonsson were doing the driving. Topped by a large carbon-kevlar intake plenum, the new V8 is really hidden from view. You have to be up close and look way down to see part of the valve covers. I never saw them so much as check the oil on this engine. It has a "flat crank", which gives it a real race engine sound instead of the booming thunder associated with an American V8. Supposedly it has 461 hp compared to 450 in last year's 6-cylinder. Auberlen said those 11 hp are the strongest he's ever felt (then acknowledged the V8 has much more torque and revs up so fast). The fastest any of PTGs 6-cyl cars have ever run at Summit was 1:12.5. Auberlen did a best in the V8 at 1:10.2 and both drivers were consistently in the 1:11s.

The 2001 SCCA Mid-Atlantic Road Racing Series is over and ITS was dominated by BMWs. Ed York (E36 325is) had four wins and again took the title. Robin LaQui (E30 325is) only had one win, but did consistently well to earn second place. Scott Linton (E36 325is) was 3rd. Brian Shipman (E36 325i) only ran four of the nine races, but won in three of them. He finished 6th in the standings. Bill Ranford and Dave Toy (2002s) finished third and fourth in ITB.

Two Maryland autocrossers, Neal Sapp (Ellicott City) and Jeff Altenburg (Baltimore) finished first and second in both of the Speedvision Cup World Challenge Touring Class races at Road Atlanta. They were driving duPont Motorsports/ERT BMW 325/328is's. Jeff was substituting for the injured Alfred duPont. Chapter member Rob Hines (Arlington) finished 34th and 13th in yet another duPont BMW.

Rausch Creek Motorsports Park, north of Harrisburg, Pennsylvania, announced on June 24 that they would not open this year. A number of weather and construction problems convinced the developers that the better course of valor was to do the job right and open next spring with decent facilities and asphalt that has had all winter to cure. Then the Pennsylvania State Department of Environmental Protection had all construction of the track halted until issues with

the drainage could be satisfied. On October 1 the developers were awaiting the DEP's inspection of the new drainage so construction can resume.

Meanwhile, the website for Beaver Run Motorsports Complex north of Pittsburgh still shows that the north course will be open in the Fall of 2001. Obviously, Spring of 2002 would be nice.

Virginia International Raceway has altered the final section of the North Course road to eliminate the final left-right jog. It certainly makes this technical section easier. The location of the short section of track that will connect VIR's North and South Courses to create a "Grand Course" is still up in the air. The original proposal would have eliminated the high-speed aspect of the wonderful, but intimidating full course upper esses.

Speed Shifts: BMW NA has announced a contingency program for autocrossers in the SCCA's Pro Solo events and the Solo II National Championships. Awards range from \$125 for third place in a Pro Solo to \$2,000 for a Pro Solo Series Class Championship ... Congratulations to chapter member Richard Pineda who won the top prize in the Concours d'Elegance at a gathering of E30 M3s in New Jersey ... If you haven't seen a Formula 1 race, you should make a point to do so in 2002. The BMW-Williams team could be battling for the championship. It is not too early to arrange for tickets and lodging. The Canadian GP in Montreal is June 9 and the USGP in Indianapolis is September 29.
